Tender Publication sites	UCF website and Facebook page
Eligibility Criteria	Suppliers should demonstrate that they have a local capability and experience, technically competent staff, with the ability to service/repair.
Tender advertising date:	21/1/2019
Last Date for Bid submission:	18/2/2019 at 5pm
Bid Opening and evaluation	19/2/2019. Evaluation will be done immediately and the winning bidder advised the next day. Unsuccessful bidders will be advised. Envelopes will be opened in the presence of at least three UCF staff.
Tender Document Cost:	Free
Payment currency and mode:	Uganda Shillings or United States Dollars by TT or other suitable electronic means. Bids should include full supply company physical address information and its bank and account details.
Bid submission instructions	Bids must be delivered by hand to the company Head Office as detailed above in a sealed envelope addressed to the Projects Co-ordination manager and titled "Bid for procurement of VHF digital radio handsets, equipment and licenses for QEPA".
Support data	Bids should include a product brochure from the manufacturer with technical specifications clearly shown.

Delivery of goods	<p>           CIF Kampala. Proforma invoice to be issued in the names of Uganda Wildlife Authority. Goods should be ready for installation in late march, 2019)         </p>
Payment terms	<p>           60% on timely delivery of engines to Kampala. 40% on commissioning in QEPA            Late deliveries may be subject to a reasonable penalty.         </p>
Tender detailed background information	<p>           Uganda Conservation Foundation Ltd has received funding from CITES MIKES to support the Recovery of Queen Elizabeth National Park Project in Uganda. This project aims to support Uganda Wildlife Authority to develop their human and equipment capacity to enforce law and order in this protected area. The procurement of digital radio equipment is part of a larger programme across the whole protected area.         </p>
Country of Origin	<p>           Only mainstream, recognized global manufacturers products will be acceptable.         </p>
Presence in Uganda	<p>           Suppliers should demonstrate that they have a local capability and experience, technically competent staff, with the ability to service/repair.         </p>
Additional technical information	<p>           Any additional information that may be of interest or relevance to UCF and UWA in terms of the suitability of the product(s) being offered, for sustained use in the taxing environment of an African game park, should be included on a separate sheet. Statement of use elsewhere in Uganda and hence supplier experience would be an advantage.         </p>
Simplicity methodology	<p>           UCF believes that a simple but quality product that can offer sustained periods of good service and which is simple to repair. Access to workshops and technicians in QE is by definition difficult at best.         </p>
Partial bids	<p>           Partial bids may be considered but one manufacturer/supplier would be preferred.         </p>
Guarantee/warranties	<p>           Please state these in bid submission.         </p>
Spare parts	<p>           Please include a priced list of recommended spares         </p>
Instruction/safety manuals	<p>           One full set of user, maintenance and safety instruction manuals to be provided         </p>
